WASHINGTON. D. C., WEDNESDAY, JULY 19, 1922. HARDING ORDERS GOVERNORS PROTECT MINES

STRIKE PLANUP TO CONFERENCE

Borah, Walsh and Gompers Will Discuss Proposal With Him.

DETAILS ARE HELD IN STRICT SECRECY

May Be Placed Before President as Alternative

The first concrete plan for coping with the strike situation, evolved by members of Congress, will be discussed today at a conference to be attended by Samuel Gompers, head of the American Federation of Labor; Senator Borah, chairman of the Senate Labor Committee; Senator Walsh, Massachusetts, and Senator King, Utah.

King, who is author of the plan. declined to give any intimation of its features. He has already gone over it with Gompers and the other two Senators. Later, if the plan seems feasible, and President Harding's measures do not appear likely to have an immediate effect, King will lay his suggestion before the

"I cannot divulge the plan now," said King. "I am not sure yet that it will prove satisfactory. In fact, its details have not been worked out completely."

Looks to Future.

The King plan, the only move thus far made in Congress, is a manifestation of a general desire by House and Senate members to do something, providing it would not embarrass President Harding. The emparrass President Harding. The virtually unanimous disposition of the legislators is to stand behind the President, for the present at least, and let his measures have the fullest test.

fullest test.

At the same time there is a realization that once the immediate crisis has been safely passed Congress ought to do something to prevent its recurrence. Ideas for permanent solution of the coal-rail labor problem vary from mild government supervision, such as is now provided in the Esch-Cummins railroad law, to drastic measures approximating government ownership it is unlikely, however, that any It is unlikely, however, that any legislation will be offered for the

There has not been thus far the slightest intimation that the admin-istration desires any help from Congress. Reports that the President contemplated recalling the House were branded as utterly unfounded

by the White House yesterday. If Federal troops are used, or if State troops are called out under Presidential authority to suppress ably would be needed to pay them.
But Senator Wadsworth, chairman of the Senate Military Affairs Commerce beauty. Figuratively, she mittee, said he had received no word must be a queen, for her reception from the War Department that any and entertainment will be little

extra money would be asked.

In general, the attitude of those President Harding would adhere to the pageant—social leaders of many his vigorous policy and take all possible precautions to prevent discrete. While legal experts in throughout the world for the luxury orders. While legal experts in throughout the world for the luxury Congress realized that the admin- of its appointments. She will have istration faced some legal barriers to complete freedom in the use of that if complete co-operation is established with the various States, the slightest sign of impending trouble could be made the signal for prompt Federal action.

Senators Indorse President.

"The government is ready to use its utmost power," said Senator Pepper, of Pennsylvania, in whose State the operators believe they have the best chance of breaking the force of the mine strike. government, however, will not emimperative. But in all events Congress will steadfastly support the President-with necessary appropriations or anything else."

Senator Capper, of Kansas, leader of the farm bloc, declared yesterday that "The President's course, thus far, has been privately praised by nearly all Republican Senators and by many Democrats." He believed the Senate would back the President, putting aside party lines, in any legislative showdown resulting from the industrial emer-

GERMANS ARREST ALLEGED TRAITOR

BERLIN, July 18.—The Berlin police today arrested the second member of an alleged German traitors' and conspirators' ring whose agents are accused of belonging to the French spy system in Germany and of being the originators of false documents and reports of secret treaties, armies, munitons depots and plans for wars upon which the officials say several extente nations have partly based their foreign polices.

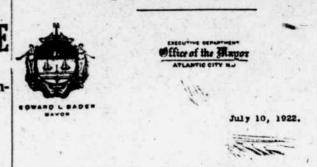

Today's prisoner is Karl Schuschardt, of Leipzig. He, according to police, confessed working for General Nollett, the head of the French military mission in Berlin.

According to police, Schuschardt confessed that in July, 1920, he stole General Dupont's official seals in Berlin with which he forged a passport.

After arriving at Mayence, Schuschardt was arrested and brought befret the French commander who officed have for environger. BERLIN, July 18 .- The Berlin po-

fre the French commander who of-ferd him good pay for espionage. (Copyright, 1922.)

SENATORKINGS Beauties to Vie for Crown As Queen of Washington WHEN WAY MEN

To the Commissioners and Citizens of Washington

I, Edward L. Bader, Mayor of Atlantic City, send you greetings, and invite you to send your most beautiful daughter to represent your City in the Great National Tournament which will be held in Atlantic City during the Pageant on September 6th, 7th and 8th.

The Herald is hereby appointed by me in the name of Atlantic City to act as our official organ, and through its columns to find and select the most beautiful girl of Washnigton who is to be given a place of honor in the Cour of King Neptune, who will preside over the festivities during the pageant.

Tour most beautiful daughter will here meet the chosen beautiful girls of seventy-five of the largest Cities in the United States and Canada, from among whom will be chosen America's Nost Beautiful Girl for 1922.

It is my desire as Chief Executive of Atlantic City that the young lady chosen shall be worthy to uphold the traditions of the Great City of Washington for the beauty of her daughters, and I promise that she shall be the honored guest of Atlantic City during her visit here.

Very truly yours, Luwrader Mayor of Atlantic City.

Photos of Most Pulchritudinous Maidens in City Will Be Published in Herald Each Day From Tomorrow Until August 30.

Which of the many beautiful young women in Washington is the most charming, when measured from the purely artistic point?
This will be decided on August 30 by a board of artists, who will make their selection from the young women whose pictures will appear daily in The Washington Herald, beginning tomorrow. Last year Washington's most beautiful girl was selected by The Herald to compete with the entries of some of the leading cities of the country. Hundreds of comely feminine residents of the District entered, making the final selection by the judges a task of considerable difficulty.

Margaret Gorman Chosen.

Finally Miss Margaret Gorman, 3015 Cambridge place northwest, was adjudged the most beautiful entry. She was accompanied to Atlantic City by Mrs. William Atherton DuPuy, the chaperon. After being feted and entertained in elaborate manner, Miss Gorman; now known as "Miss Washington," was selected by the Atlantic City board of judges as the most beautiful girl in the United States. She received many valuable prizes and was much sought after for public appearances upon her return to this city.

This is not to be a contest, but an award based solely on merit.

Not only must the young woman be beautiful but she must be an exquisite combination of grace, charm and intelligence.

She is to be the representative of the nation's Capital, "Miss Washington," at a remarkable national pageant at Atlantic City on September 7 and 8, where will be gathered beauties from every section of the United States to take part in a two-day feet that promises to eclipse anything of the kind ever held at the celebrated resort, long famous for the brilliance of its social activities. Must Have Other Qualities.

Comprehensive Sugges-

tions Made by Mrs. Hel-

mick and Others.

Seven recommendations toward

the solution of Washington's hous-

ing problem were made yesterday in a report submitted to the Dis-

trict Commissioners by minority

members of the Commissioners'

The recommendations follow: 1. That Congress be petitioned to

lish an alley relief commission to be composed of three salaried mem-

bers with authority to enforce present sanitary laws and building

regulations, and with full powers

to better living conditions in the alleys of the District.
2. That Congress be petitioned to

investigate housing conditions in

Uniform Building Code

3. That there be adopted a uni-form building code as liberal in its regulations, as regards dwell-

ings, as is consistent with safe and serviceable construction.

4. That, in order to increase the number of skilled mechanics, build-

5. That requirements of the pres

ent regulations relating to the con-version of a dwelling into a three story or four-story apartment build-ing be modified to the limit of safe

construction and sanitary needs, as set forth in the report of the sub-committee on construction practises.

Urge Lumber Standards.

7. That, as a means to reduce cost,

a larger use of the documents and services of the Architects' Small House Service Bureau be made. This organization is rendering a valuable service to the small home

builder at a nominal cost. It is con-trolled by the American Institute of Architects and indorsed by the United States Chamber of Com-

Labor Board Grants Rehearing to Grable on Wage Dispute.

SENATE HEARINGS BRING NEW CHEER

Cummins Promises Effort To Put Teeth in Railway Measure.

CHICAGO, July 18 .- Another rift n the railway strike clouds developed late today when danger that the 400,000 maintenance of way employes will join the walkout of the shopmen was virtually removed, through action of the United States Railroad Labor Board.

The Labor Board indcated it would grant the maintenance of way brotherhood a rehearing on the wage question, and that disputes of this sort would be given right of way over many other cases. As an expression of good faith, it promptly docketed one wage controversy between the maintenance men and th Chicago, Milwauke and St. Paul Railway.

Announcement of this action was made following a board conference attended by E. F. Grable, chief of the maintenance of way brother-

The assurance thus given prob ably will serve not only to avert a walkout of the trackmen, it was predicted, but it also may have strong influence on the negotiations for a settlement of the strike of the 300,000 shopmen.

Support to Program.

Coming as considerable support to the peace program were additional assurances affecting the wage issue from Senator Cummins, co-author of he Esch-Cummins bill, otherwise known as the transportation act, from which the United States Labor

from which the United States Labor Board derives its authority.

In a statement issued following his meeting with the Labor Board members, President Grabie said Senator Cummins, who is chairman of the Interstate Commerce Committee of the Senate, is going to hold hearings immediately on disputed points of the transportation act, principally to ascertain how the law may be amended so that the living wage principle would be made clear and principle would be made clear and so that every employe would be guaranteed a living wae.

Regarded as Important.

This was regarded in some quar-ters as one of the most important concessions yet offered the railway unions, which fought passage of the transportation act and which have since directed intermittent fire at

HOPE RESTORED FULL TEXT OF PRESIDENT'S **TELEGRAM TO GOVERNORS**

Every Facility at Command of Federal Government Promised When and Where Needed.

The full text of President Harding's telegram to governors of twenty-eight coal-producing States relative to protecting mine operations follows:

"The proposal of the Federal government to the United Mine Workers and the various coal operators, whose mines are un-der suspension, to submit all questions in dispute to a na-tional coal commission for arbi-tration, has been declined. The tration, has been declined. The mine workers declined as a body. The majority of the bituminous operators pledged unqualified acceptance. The anthracite operators filed unconditional acceptance. A minority of the bituminous op-erators accepted the principle of arbitration, but made specifications which could not be con-sidered. I had proposed that the operators and mine workers in dispute should immediately resume coal production under the wage scales and working conditions which prevailed at the time of the strike on last April 1: that every question in dispute should go to a national commission to be composed of three representatives of the

mine workers, three represent-atives of the operators and five

representatives of the American public. It was proposed to make the commission the final authority on all disputes until next March, and meanwhile the commission was to inaugurate a searching inquiry into every phase of the coal industry, in order to recommend the way to maintained understanding be-tween workmen and employers, tween workmen and employers, to promote steady employment and assure a continuous and ample fuel supply.

No Other Course Open.

"The failure to secure the ac-ceptance of this proposal for a voluntary adjustment left me no other course but to invite the mine operators to return to their mines and resume activi-

"I trust you will find it con-sistent to second this invita-tion, if you have not already done so, with the invitation to all miners and operators to re-sume their work. This invita-tion should be accompanied by
